VETERANS PREFERENCE

Scoring Criteria Status: A scoring criteria status (formerly a preference status) is the addition of a certain percentage to the passing mark, grade or rating received in a competitive examination by a veteran as defined in RCW 41.04.005 and RCW 41.04.010. The percentage, which varies with the category of veteran, is based upon a possible rating of one hundred points as perfect.

Category 1: Veterans who served during a period of war or in an armed conflict and do not receive military retirement are entitled to a **ten percent scoring criteria**. Veterans who served during a period of war, as that is defined in RCW 41.04.005, need not have served in a combat zone or hostile environment to qualify; simply being in the armed forces during such a period, in addition to not receiving military retirement, is sufficient. Veterans who served in an armed conflict and received a campaign badge or medal, and who do not receive military retirement, also qualify in this category.

A "period of war" is defined by RCW 41.04.005 to include, in addition to the two world wars, the following:

- . • The Korean conflict.
- . • The Vietnam era, which was the period beginning August 5, 1964, and ending on May 7, 1975.
- . • The Persian Gulf War, which was the period beginning August 2, 1990, and ending on the date prescribed by presidential proclamation or law.
- . • The period beginning on the date of any future declaration of war by Congress

and ending on the date prescribed by presidential proclamation or concurrent resolution of Congress.

"Armed conflicts" are designated as:

- . • The crisis in Lebanon.
- . • The invasion of Grenada.
- . • Panama, Operation Just Cause.
- . • Somalia, Operation Restore Hope.
- . • Haiti, Operation Uphold Democracy.
- . • Bosnia, Operation Joint Endeavor.

Category 2: Veterans who did not serve during a period of war or who are receiving military retirement. This category of veterans, which includes any veteran not covered by the first category, is entitled to a **five percent scoring criteria**. It may be used only until a veteran's first appointment and may not be used in any promotional exam.

Category 3: Veterans who were called to active military service for one or more years from employment with a city or county. This category receives a **five percent scoring criteria** status that applies to first promotional examinations only.

MINIMUM REQUIREMENTS

Applicants must be 21 years of age at the time of examination, a United States citizen, high school graduate or equivalent, read and speak English; possess a valid Washington State driver's license by date of hire. Felony convictions are disqualifying; evidence of excessive past or current drug/alcohol usage may be grounds for disqualification.
